

<b>Item Number</b>	: BOM203
<b>Item Name</b>	: PIG® Spaghetti Booms
<b>Liquids Absorbed</b>	: Oil-Only
<b>Contents/Package</b>	: 4 booms/bag
<b>Number Per Pallet</b>	: 10
<b>Colour</b>	: White
<b>Dimensions</b>	: 13 cm Dia x 3 m
<b>Composition</b>	: Skin - Polyester Netting Filler - 100% Polypropylene
<b>Absorbency</b>	: 90.8 L/Bag
<b>Weight</b>	: 12.26 Kg

## Description

- Mesh skin and spaghetti strip filler design is ideal for pulling in thick oil or for use in fast-moving waters
- Tough outer mesh is UV resistant for long-term outdoor use without degradation; lets fluids easily pass through to filler material
- Rope running along length of boom withstands up to 180 Kg loads, adding strength for deployment and retrieval
- Boom floats at surface for easy retrieval, even when saturated
- Absorbs and retains oils and oil-based liquids - including lubricants, fuels and cleaning agents - without absorbing a drop of water
- Note: Not recommended for use on land. PIG Oil-Only Absorbent Booms are recommended for land-based applications

**Warnings & Restrictions** : When sea-weather condition is wind speed >5 knots & a (perpendicular) water-current speed >2 knots, this can cause oil absorbent booms to submerge, allowing oil to pass over them. Waves higher than freeboard (above water) portion of boom will push oil over absorbent booms; optimal sea-weather condition for usage is typically Beaufort Scale #2 or less.
