## Description

- Simply lower this floating skimmer into any water-based liquid to absorb oils without taking in water
- Ideal for soaking up unwanted oil-based fluids that collect in sumps, tanks and bilges; spaghetti strip filler is designed for capturing thick oils or other viscous liquids
- Polypropylene loop can be attached to rope (not included) for easy deployment and retrieval
- Absorbs and retains oils and oil-based liquids - including lubricants, fuels and cleaning agents - without taking in a drop of water
- Tough outer mesh is UV resistant for long-term outdoor use without degradation; lets fluids easily pass through to filler material

<b>Recycled Content</b>	: 98% Pre-Consumer Recycled Polypropylene Filler
